

YouthPeace® and SisterNet® Cards – The Perfect Gift!

Birthday? Holiday? Just because? Whether giving a gift or mailing a note of encouragement, these cards are sure to inspire with images of hope, action and peace painted by Illinois teens.

Organized in local chapters, these 12-21 year-olds receive training and leadership development to implement violence projects on issues such as child abuse, domestic violence, and gang violence. Proceeds from the sale of these cards will support their efforts for safe homes, schools, and communities.

Each of 10 cards showcases how the artists view violence and peace – the tiles to the left are a sample of their amazing artistry!
