Illinois Center *for* Violence Prevention

Creating a safe environment for every stage of life

Membership Form

Since 1992, the Illinois Center for Violence Prevention has become a recognized leader in Illinois' violence prevention movement. As the only statewide non-profit in Illinois addressing all forms of interpersonal violence, we have convened conferences, trained youth leaders, authored legislation, and helped programs design effective evaluations – all towards the goal of a violence-free Illinois.

We look to members like you to help us put an end to violence. Two levels of membership are available. Individual Memberships give concerned citizens – who may not have formal involvement in violence prevention – the opportunity to be a part of Illinois' violence prevention movement. Organizational Memberships provide benefits for up to three employees within an organization, and provide organizational visibility on ICVP's membership list. Membership dues cover the cost of materials you will receive on the latest issues, trends, and actions you can take to prevent violence. Your membership also helps support our work to build safe homes, schools and communities for every Illinois citizen. Membership benefits include:

- Violence Prevention News newsletter
- Advocacy agenda to support your professional role
- E-mail/mail updates on current violence prevention topics, strategies, and funding sources
- Reduced fees (for Organizational Affiliates) for training, consultation and evaluation services
- Reduced registration fee for ICVP's annual conference
