

The Illinois After-school Alliance is a statewide coalition of over 100 programs including after-school and social service program providers, educators, advocates, parents and other groups and individuals interested in out-of-school time issues. The mission of the Alliance is to raise awareness and public support for out-of-school time programs among policymakers, the media, educators, community groups, businesses, and families. Our goal is to work for policies and increased funding that improve the quality and availability of out-of-school time programming to enrich the lives of children and youth across Illinois.

The Alliance is leading the effort to collaborate with other statewide non-profits, private business, and agencies to plan on expanding state efforts so that all young people in Illinois have access to programs that they deserve. We promote the value of these programs through local networks and with officials at the local, state, and federal levels.

Join us as we promote the value of out-of-school-time in enriching the lives of children and youth across the state. To become an active participant in the Illinois After-school Alliance, fill out the form below. There is no fee involved, and members may commit as much time as they are willing to give to Alliance efforts. ***Members listed as supporters of the Alliance and these goals will have an active voice in setting the Alliance agenda.***
